JOSIAH TURNER, Jr., EDITOR.

A BEAUTIFUL PASSAGE.—The following is from the "Reveries of a Bachelor," by Ike Marvel:

A poor man, without some sort of religion, is, at best, but a poor reprobate, the foot ball of destiny, with no tie linking him to infinity and the wondrous eternity, that is even worse—a flame without heat, a rainbow without color, a flower without perfume. A man may, in some sort, tie his hope and his honor to this shifting ground—tackle, to his business, or to the world, but a woman, without that anchor called faith, is adrift and a wreck! A man may be in some sort of moral responsibility out of relation to mankind, but a woman, in her comparatively isolated sphere, where affection and not purpose is the controlling motive, can find no basis in any other system or right action but that of faith. A man may craze his thoughts to trustfulness in such poor harborage as fame or reputation may stretch before him, but a woman! where can she put her hopes, in storms, if not in heaven? And that sweet trustfulness—that abiding love—that enduring hope, mellowing every page and scene in life, lighting them with a radiance, when the world's storms break like an army with cannon. Who can bestow its all but a holy soul, tied to what is stronger than an army with cannon! Who has enjoyed the love of a Christian mother, but will echo the thought with energy, and hallow it with tears?

THERE IS A GOD.—There is a God. The herbs of the valley, the cedars of the mountains, bless him—the elephant salutes him with the rising orb of day—the birds sing him in foliage—the thunder proclaims him in the heavens—the Ocean declares his immensity—man alone has said, "There is no God.

Unite in thought at the same instant, the most beautiful objects in nature, suppose that you see at once all the hours of the day and all the seasons of the year, a morning in autumn, a night bespangle with stars, and a night covered with clouds, meadows, enameled with flowers, forests hoary with snow, fields gilded by the tints of autumn, then alone you will have a just conception of the universe. While you are gazing on that sun which is plunging under the vault of the West, another observer admires him emerging from the gilded gates of the East. By what unconceivable magic does that aged star, which is sinking fatigued and burning in the shades of the evening, reappear at the same instant, fresh and humid with the rosy dew of the morning! At every instant of the day the glorious orb is at once rising—resplendent at noonday, and setting in the West; or rather our senses deceive us, and there is properly speaking no east, or south, or west in the world. Everything reduces itself one slight point, from whence the King of day sends forth at once a triple light in one single substance. The bright splendor is perhaps that which nature can present that is most beautiful; for while it gives us an idea of the perpetual magnificence and resistless power of God it exhibits at the same time, a shining image of the glorious Trinity.

DESTRUCTIBILITY OF THE WORLD.—Science discloses that worlds and suns are destructible, and that aggregate humanity itself may be overtaken with sudden annihilation, if it has no spiritual existence and no immaterial sphere. Suns have disappeared from the heavens by conflagration; and the spectroscope has lately proved that thousands on thousands of miles of hydrogen are blazing about our own sun. As late as last year, a star in the constellation of the Northern Crown (*Corona*) suddenly became luminous as a star of the first magnitude; the spectroscope proved that it was another conflagration of hydrogen, and that the increase of light must have been accompanied by an increase of heat, which would augment 780 times the heat of all bodies within its influence. Such an explosion on our sun now actually subject to similar phenomena on a smaller, and yet a stupendous scale, would consume of vapor our whole system. The fact that these catastrophes do take place in the heavens, is now indisputable; heretofore the sudden illumination and disappearance of suns could not be explained but the same spectroscope apparatus demonstates that they are caused by the combination of hydrogen gas. St. Peter's picture (iii: 7-12) of the fate of our system, laughed at by the skeptics, is actually going on, by their own acknowledgment, in distant systems.

TO YOUNG MEN.—It is easier to be a good business man than a poor one. Half the energy displayed in keeping ahead that is required to catch up when behind will save credit, give more time to business and add to the profit and reputation of your work. Honor your engagements. If you promise to meet a man, or to do a certain thing at a certain moment, be ready at the appointed time. If you have work to do, do it at once, cheerfully, and therefore more speedily and correctly. If you go out on business, attend promptly to the matter on hand, and then as promptly go about your own business. Do not stop to tell stories in business hours.

If you have a place of business, be found there when wanted. No man can get rich by sitting round stores and saloons. Never "loaf" on business matters. If you have to labor for a living, remember that one hour in the morning is better than two at night. If you employ others, be on hand to see that they attend to their duties, and to direct with regularity, promptness, liberality. Do not meddle with any business you know nothing of. Never buy any article simply because the man that sells it will take it out in trade. Trade is money. Time is money. A good business habit and reputation is always money.

Make your place of business pleasant and attractive; then stay there to wait on customers.

EFFECT OF RAILROADS ON THE WEATHER. The opinion seems to be gaining strength that the Pacific Railroad is working a great change in the climate of the Plains. Instead of continuous drouths, all along the railroad rain now falls in refreshing abundance. The result has been remarked upon in other sections of the West. In central Ohio, for example, it is said, the climate has been revolutionized since iron rails have formed a net work all over that region. Instead of the destructive droughts formerly suffered there, for some four or five years there has been rain in abundance—even more than enough to satisfy all the wants of farmers. This change is thought to be the result of the equilibrium produced in the electrical currents, which had brought about a more uniform dispensation of the rain. It is a fact within the observation of all who remember ante railroad times, that we have now few or no such thunder storms as we formerly had in New England. The iron rails which cross each other in every direction serve as conductors and equalizers of the electric currents, and so prevent the terrible explosions which used to terrify us in former years. The telegraphic wires which accompany the iron rails everywhere, also act an important part in diffusing electricity equally through the atmosphere, thus preventing the occurrence of severe thunder storms.—*Boston Traveller.*

NO SMOKE. NO SMELL. NO CHIMNEY.

KEROSENE LIGHTS PERFECTED!

—BY—

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Tears of sadness and thousands of dollars annually have been spend by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practically, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county; no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation through the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman-like manner for those desiring them.

There are now 449 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the carryer, without changing his position, gives the back-ward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, *this is a saving of one hand in the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

MR P. J. WRAY, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut a line 14 inches deep, 20 feet long, in 40 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. ALDRIDGE FARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

This last mentioned Mill may be seen on Walnut Creek, 5 miles South of Raleigh.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, JANUARY 27, 1870.

WESTERN DEMOCRAT.

The editor of this paper has been wearing "slip shod shoes" long enough; so pull up your shoes, Mr. Yates, it will enable you to stand as well as to walk better.

The *Democrat* says "we never invited Mr. Turner to the discussion of personalities, as he says we did, and we censure him for intimating such a thing. We are not averse to a discussion of any sort with any gentleman, but prefer to confine it to public affairs."

Let us see if the censure he gives us is deserved; he says "he is not averse to a discussion of any sort." When he made us the subject of editorial criticism, did he expect to go uncriticised? Did he not look for a reply from us? He cannot deny that he did, and hence we said he "invited us to personalities," and so he did, and there is no candor in his denial of it.

When Mr. Turner intimates in the SENTINEL, that we are undecided in our political views, he does us gross injustice, and we are ready to join issue with him as to who is the best and most consistent conservative. He (Turner) may be justly styled a Radical Conservative, which is about as bad as a Radical Republican."

Just so, Mr. Yates, and that is just the opinion you entertain of Durham and all who dare oppose the villany of your friend Holden and his administration. Why do you wish to join issue with us about your conservatism, while your friend's administration is robbing the Treasury, plundering and oppressing the people? We charge you, make your issues with Holden and the carpet-bag thieves, that stand around him. We shall not give you either provocation or excuse for making them with us. The man who is bent on exposing the frauds and resisting the oppression of Holden's administration, will seek no such issues as you wish to make with us. He has neither time, space or inclination for them, and if he has, the people have no time or inclination to listen to him, and should look upon him with suspicion, as willing and ready to give aid to Holden and the Radical rule with which the country is now cursed.

Your course, Mr. Yates, has given aid and comfort to Holden. What can be more soothing and solacing in his distress than the tone of the *Democrat*, or the accents of the friendly voice of its editor, when he comes to Raleigh? You have called upon every Conservative with whom you spoke to join in the condemnation of our speech. We challenge you to name one of your Conservative friends who joined you in our condemnation except Gen. Barringer, Dr. Pritchard or Fullerton.

If there is one Conservative in ten, in your own town, who does not look with distrust and disapprobation upon your political conduct since the surrender, name them to the public. We know they do, and we have evidence of it in our possession. We don't feel called upon to vindicate our course or conservatism, or compare it with yours! One leads and inclines us to one thing only, and that is to drive Holden and his carpet bag thieves from their oppression and plunder of the people. In this work, and even in our mode of performing it, we flatter ourself that we have the approbation of all good men, who are not Radicals, or in sympathy with Radicals.

MORE FRAUD.

No Christian people were ever cursed with such an Executive, such a Judiciary and such a Legislative department as North Carolina now has.

Captain Robinson, of Macon, called up a resolution he introduced before the recess, relative to a fraud perpetrated on the General Assembly, by interpolating the bill to provide for a system of public instruction. Pilgrim Ashley should be held up to public scorn for the interpolation and fraud, not that he committed it, but as this, he knew and now knows that the bill was interpolated, and he has been acting under it as if no fraud had been committed by interpolating. The old New England hypocrite, was more identified with the bill than any or all other persons. He was familiar with every line and word of it. To main tain silence as he did, in imitation of Gov. Holden about the bond swindle, was criminal in the highest degree. How does it happen that all, white and black, Democrat and Republican, can testify, on the floor of the House, that a fraud had been committed, and sections and clauses added to it after it had passed the House? If the Governor was not so silent about the Littlefield Ring frauds, we would tell him to keep an eye on Ashley. But, suppose he should catch Ashley, "mum," would be word with the Governor. He has known of the Ring swindle for months. He knows of the Littlefield-Iaffin swindle in the $3,000 bond to James Smith. Yet, he comes with no special message informing the Legislature. When the House was investigating the swindle in State bonds, the Governor sends in a special message that it is unconstitutional to examine the Public Treasurer in such a public manner. We tell you, Governor, you will yet be forced to break your silence upon these frauds. You have spoken of them in New York in private, you should be compelled to speak of them to the people and the Legislature.

GREASY SAM.

This weak brained jurist adjourned his Court on Tuesday. When he dismissed the Grand Jury, he said it was with pain that he had heard that certain persons had been tampering with the Grand Jury, that the Grand Jury should not allow any person outside to approach them, &c.

General Cox, the Solicitor, asked Hawk Rogers, one of the Grand Jury, if any person had been before them except sworn witnesses. Hawk said no.

Mr. Badger being struck with the novelty of Greasy's charge, asked His Honor, if he understood him to say that persons were not allowed to approach the Grand Jury and give information, &c.?

Greasy said he understood correctly, persons could inform the Solicitor and he could inform the Grand Jury.

Judge Merrimon said, "with all deference to your Honor, I do not so understand the law; when I was upon the Bench, I charged the Grand Jury that it was the duty of all good citizens who knew of violations of the law, to inform the Grand Jury. I suggest that it is a matter of the greatest importance in the administration of the criminal law, and your Honor's understanding of it is certainly new to me."

Greasy said he had maturely considered what he was saying, and no person should approach the Grand Jury except through the Solicitor.

Mr. Peterson Dunn, foreman, informed a member of the Bar that the Judge in his charge to the Grand Jury, when Court opened, said that it was their duty to inquire who had been guilty of a violation of the law, and his charge when they adjourned, was just the reverse of what he said on that point, when the Grand Jury was organized.

Now, Greasy Sam was striking at the Editor of the SENTINEL. We tell his Greasiness, that Quent Byrant will pull him from under Fanny Levy's bed by the legs, fifty times more, before he catches us tampering with the Grand Jury.

We went to the door of the Grand Jury room and asked the officer of the Grand Jury, to call out the forman, Mr. Peterson Dunn. We told him to call on the Clerk for the record in the suit of A. W. Shaffer against Littlefield, Smith and Dewease, and to have M. W. Churchill, sworn as a witness. We further told him we had no concealment in the matter, if we knew the facts personally, we would go and testify before the Grand Jury. We talked with the Solicitor, Gen. Cox, and gave him the facts. And we say, if we had a decent Judge, to preside at our Court, most of the frauds which are, and have been perpetrated, would be ferreted out and Littlefield, Judge Alden and the Ring brought to condign punishment.

This is the tampering with the Grand Jury that pained Greasy Sam. Greasy is too easily pained, he must have been pained when the Grand Jury presented Littlefield twelve month ago, for he adjourned the Court as soon as the presentment was made. Alas for the Judiciary of North Carolina, that its ermine should be worn by such a creature!

A CHANGE NEEDED.—As will be seen from the House proceedings of yesterday, a resolution was adopted by that body requesting Gen. Littlefield to resign his appointment of Public Printer. While this resolution may do very well as an intimation to the Governor, that it is the wish of the Legislature that he should annul the appointment, yet it would have been a more effectual way of getting clear of Littlefield, if they desire to do it, to have passed a bill repealing the hastily enacted law by which the Governor was empowered to appoint him. The law was concocted by Littlefield and the Governor, and "put through" in the confusion of adjournment, by much less than a quorum, and, therefore, ought to be repealed any how.

Should Littlefield conclude to accede to the "request" couched in this resolution, which is not probable, there will be necessity for a change in the *Standard* establishment, and we may expect to see another man of straw, in the shape of "N. Paige & Co.," or "John B. Neathery & Co.," stuck up at the head of that paper.

After this demonstration on the part of the House, what does the *Standard* think of Dr. Beall's resolution that it became so funny over yesterday?

CHIEF JUSTICE CHASE AHEAD OF TAMMANY.—The following we find in the New York *Herald*, as a letter from Chief Justice Chase to a member of the Ohio Legislature:

WASHINGTON Nov. 1869.

Hon. Thomas Yeatman:

DEAR SIR—The eyes of the whole country are upon the State of Ohio. On your vote depends the passage of the fifteenth amendment. I am for universal suffrage and universal amnesty. The amendment must be put through the Legislature at all hazards. S. P. CHASE.

Now, considering the recent action of the democratic Legislature of New York on this fifteenth amendment, and of other Legislatures of the same faith, the Chief Justice has cut himself loose from the democratic party.

The following bills were transmitted from the House, which were referred to appropriate Committees viz:

Bill for the relief of the several Sheriffs and tax collectors of the State.

Bill to establish the Special Court in the Cities of Wilmington and Newberne, with amendments, asking the concurrence of the Senate.

A. H. Galloway (col.) moved that the Senate do not concur, which motion prevailed.

Mr. W. I. Scott, one of the Committee on investigation came before the bar of the Senate and was qualified to enter upon his duties.

BILLS INTRODUCED.

By A. H. Galloway, (col.): To amend chapter 279, title 21, of the Code of Civil Procedu e, referred.

By Mr. Colgrove: To authorize the County Commissioners of Jones to levy a special tax not to exceed $5000; referred.

By Mr. Love: To amend chapter 270, Laws of 1868 69; referred.

By Mr. Shoffner: Resolution directing the Clerk to lay upon the desk of each Senator, a printed calendar of all public bills, on Monday morning, and of the private bills on Saturday morning, of each week, which was adopted.

On motion of Mr. Graham, the rules were suspended and the following bill was taken up to wit:

AN ACT AUTHORIZING THE C MMISSIONERS OF ORANGE COUNTY TO ISSUE BONDS.

The General Assembly of North Carolina do enact.

Sec. 1. That in order to liquidate the liabilities of the county of Orange, the Commissioners of said county are hereby authorized to issue coupon bonds, not exceeding in amount the sum of twenty five thousand dollars in denominations of not less than twenty dollars.

Sec. 2. The said bonds shall run for ten years, with interest at the rate of six per cent, per annum payable semi annually, and coupons on said bonds, shall be receivible in payment of county taxes for any fiscal year in which they may fall due.

Sec. 3. The said County Commissioners shall have privilege to redeem said bonds at any time after the expiration of one year; and shall appoint a suitable person as Trustee and Commissioner of a sinking fund, who shall each year purchase one tenth of said bonds then outstanding, or receive from the County Treasurer by order of said County Commissioners one tenth of the amount sufficient to redeem said bonds, when they shall fall due.

Sec. 4. That no bonds authorized by this act shall be issued until after an election, to be held in said county under the direction of the County Commissioners, in which election a majority of the votes cast by the qualified voters of said county shall be in favor of the issuing of such bonds for the purpose herein specified.

Sec. 5. The said Commissioners of Orange County are hereby authorized to levy a tax of one tenth of one per cent, on the real and personal property of said county for the special purpose of redeeming said bonds.

Sec. 6. This act shall be in force from and after its ratification.

Mr. Jones of Columbus, moved to amend the bill so as to prevent the sale of said bonds for less than 90 cents in the dollar.

Mr. Cook, favored the proposition to amend, only he desired it should be a little more so, he preferred that $1, should be substituted for the 90 cents.

Mr. Graham, said he was surprised to see the spirit manifested against this bill, by Senators too who had voted heretofore for enormous appropriations of the bonds of the State, without any restrictions whatever upon the parties who had them in charge, as to the *per cent* that they should require when disposed of. This was a very simple question and one that is to be submitted to the people of Orange, who, it is to be hoped, will be allowed to control their local matters themselves, the bonds would not be offered *for* sale, and the only object of the bill is to get the indebtedness of the county in such a shape that it may be paid in enstallments, and thereby make it lighter upon the already burthened tax payers, in a word there are claims held against the County of Orange by other counties, which would be exceedingly onerous on that county, if compelled to pay the whole of said claims in one year, they desired to remedy that evil by the passage of this bill, to pay the interest on the debt, until they become better able to pay the principal.

Mr. Robbins, said the fact was the Senators from Columbus and Johnston have had something done that they did not like, something had been said about a similar bill being defeated, in reference to Johnston county, and about the amendment tacked on the bill yesterday, prohibiting the sale of State bonds appropriated for Railroad purposes at a less sum than 60 cents in the dollar, that was the cause of the opposition, he thought there was no use of such factious opposition, this was a simple proposition to allow the county of Orange to fund her debt, and allows her people to say in what manner it shall be done, he hoped the bill would pass.

Mr Jones, of Columbus, said the Senate had voted, on yesterday, to restrict the sale of Railroad bonds to a less sum than 60 cents in the dollar, he thought a similar amendment should be placed in the bill under consideration. If it was to be applied to the State bonds it should also apply to county bonds, that sauce for the goose was sauce for the gander.

Mr. Lindsay said he presumed the Senator from Columbus did not relish the sauce the Senate put on his goose on yesterday, and that was the reason of his opposition to the bill, he thought the wishes of a county, so far as their local matters were concerned, should be respected, and he could see no just cause for opposition to this bill.

Mr. Jones', (of Columbus,) amendment was voted down. Messrs. Bellamy, Burns, Blythe, Colgrove, Cook, Harrington and Jones, of Columbus, voted for it.

Mr. Stephens offered the following amendment to the bill, to wit:

Provided, That no person who may purchase and hold any of said county orders shall be allowed more than the true and actual cost and ten per cent on the amount of said purchase, which was voted down.

Mr. Jones of Wake, moved to amend so that the provisions of the bill would also apply to the county of Wake, which was rejected, and the bill passed its second reading.

Those who voted against its passage are, Messrs. Bellamy, Burns, Blythe, Colgrove, Cook, Galloway, col., Jones, of Columbus, and Smith—8.

Mr. Smith, of Wilkes, moved a suspension of the rules in order to take up a bill to authorize the qualified voters of Caldwell and Watauga counties to locate a certain Turnpike Road as far as it extends through said counties.

Mr. Beall said some discourtesy had been shown him as the Representative of Caldwell and Watauga, by introducing the bill without consulting him, but he should vote for the bill.

Mr. Smith disclaimed that he had any intention of acting in a discourteous manner towards the Senator, his only object in making the motion was to comply with the request of parties interested.

Mr. Respass, said that these proceedings only confirmed him in the opinion that he expressed last session, that the bill should not have passed. This bill to make a dirt Road through several counties in the Western part of the State with an appropriation of $115,000, to haul a little grass, cows and apples, he thought at the time of its passage that it was a most absurd project. $115,000, to build a dirt road! no one ever heard of such a thing before, and to make a bad matter worse, since they have got the appropriation, they are quarreling among themselves. In order to settle the dispute and save the State an unnecessary expenditure of money, he introduced the following bill as a substitute.

An Act to repeal an act making an appropriation to the Marion and Asheville Turnpike Road and its branches running through the Counties of Caldwell and Watauga.

Mr. Smith, opposed the adoption of the substitute in a speech of some length, and endorsed the manly conduct of Mr. Beall, Senator from Caldwell, in offering no opposition to the passage of the bill authorizing the people to locate the Road in the manner they desired.

The substitute of Mr. Respass was however adopted for the original bill. Messrs. Beall, Blythe, Colgrove, Davis, Etheridge, Eppes, col., Forkner, Graham, Jones, of Wake, Lassiter, Moore of Yancey, McLaughlin, Murphy, Robbins, Scott, Smith, Stephens, Welker and Wilson, voted against its adoption.

Mr. Forkner, moved to lay the substitute on the table, which was lost.

Mr. Moore of Yancey, moved to amend the substitute, by striking out the 13th and 14th sections of the original bill, (which provides for the branch road through the counties of Caldwell and Watauga,) and adopt it for the substitute.

Pending its consideration the Senate adjourned until 7½ o'clock this evening.

HOUSE OF REPRESENTATIVES.

WEDNESDAY, Jan. 26.

House met pursuant to adjournment.

Mr. Justice arose to a question in regard to the attack on him by the *Standard*, the allegations he pronounced as false and cowardly. During his remarks he said that the *Standard* in doing the State printing was charging enormously and was perpetrating a swindle upon the people, &c., &c. He denounced Littlefield and his partisans in bitter terms, and charged that they were bringing disgrace upon the Republican party.

REPORTS OF COMMITTEES.

Mr. Whitley, for Committee on Corporations reported upon several bills which were placed upon the Calendar.

RESOLUTIONS AND BILLS.

By Mr. Justice: A bill to amend chapter 184 Pub. Laws 1868-'69. Referred.

By Mr. Yost: A bill to compel officers to place convicts in the Penitentiary.

On motion of Mr. Yost, the rules were suspended and after some debate the bill was referred to the Committee on Penal Institutions.

CALENDAR.

Bill to incorporate the Trustees of the Franklin Academy, taken up and passed its third reading.

On motion of Mr. Justice, the rules were suspended and the following resolution introduced by himself on yesterday, was taken up: Whereas there appears in the public laws of 1868 69 an act to authorize His Excellency, the Governor to appoint a State Printer: And, Whereas, the members of this House never intended to pass any such act, Therefore

Resolved, That we regard the appointment of M. S. Littlefield as State Printer and Binder as creating a monopoly contrary to the true meaning and intention of the constitution.

Resolved, That M. S. Littlefield be, and he is hereby respectfully requested to resign as State Printer and Binder, to the end that this General Assembly may provide for the State printing and binding on the best and cheapest plan.

Mr. Justice said he introduced the resolution from the purest motives. It was well known that the act as it appears published in the Public Laws of 1868 69, was not such a law as this House intended to pass, &c.

He was authorized to say that the State printing could be done for much less and the binding done for just one half of what the present State Printer now charges the State.

He regarded the act referred to as violating the constitution by creating a monopoly &c.

He could not as an honest man and Republican endorse the conduct of M. S. Littlefield, and called upon members as representatives of the people, to examine this matter thoroughly and then as guardians of the peoples interest to act as their consciences directed.

Mr. Sinclair opposed the resolution, and made remarks in defence of the course of M. S. Littlefield, &c., &c. He (Mr. S.) said that the handful of Conservative members had succeeded in demoralizing the Republican party in this House, with its two-third majority. He charged that these measures aimed at certain parties, were inaugurated for the purpose of having some influence in the coming elections. It looked too much like a death-bed repentance, and he thought the party should now stand up to its past policy and not desert its friends and supporters, &c.

Mr. Smith, of Martin, moved to make the matter special order for Monday at 11 o'clock, but if a vote was forced to day, he should be compelled to vote for the resolution.

Mr. Ingram supported the resolution. During his remarks he said that while this House was engaged in making huge appropriations, General Littlefield and Laffin were always on hand; there was no difficulty in finding them, but now these gentlemen were making themselves exceeding scarce, and he (Mr. Ingram) thought that the State printing had been mismanaged as well as Railroad bonds, and he thought the circumstances surrounding this matter as well as Railroad matters went to prove there had been foul play, &c. He opposed the motion to postpone.

Harris of Wake, col., spoke in opposition to the resolution.

Mr. Hinsdale (Chairman of Committee on Enrollment), arose to a question of privilege. His attention being called to a law giving the Governor the power to appoint a State Printer, he went immediately to the Secretary's office and examined the enrolled bills; on examination found the enrolled bill properly endorsed with his genuine signature, he then made a search for the engrossed bill and failed to find it, though he found that the bill had passed the Senate on the 9th of April, 1869, and had been properly endorsed, but there was no endorsement to show that it had been sent to the House at any time, &c. The flow of business at the close of last session was the cause of the Committee on Enrolled Bills not having examined the original bill as they should have done, &c.

Mr. Smith, of Martin, withdrew his motion to postpone.

Harris, of Wake, col., offered a substitute raising a special Committee of three, consisting of Messrs. Justice, Ames and Argo, to investigate any alleged mismanagement of the affairs of the office.

Mr. Downing opposed the resolution and charged that the introducer of it was actuated by motives of personal hostility, &c.

Mr. Justice denied the charge, saying that because he had the nerve and manliness to protest against the continuance of this swindle upon the people, the *Standard*, assisted by its pets in this House, was endeavoring to frown him down. He was actuated by no personal motive, but Littlefield was charged all over this State (and out of it too) with being a corrupt man, and guilty of stupendous frauds, and instead of meeting those charges like an honest man, (if he is one,) boldly confronting his accusers and daring them to the proof, he absconds and shirks all investigation.

The records of the Court would show that he gave a fictitious note for illegal purposes. If the Republican party expected to live and thrive in this State they would have to throw overboard dishonest leaders and show they intended to act honestly by the people. If the Republican party required him to stifle his own convictions of right and wrong, and endeavored to apply the party lash when an honest man refused to support a dishonest measure to suit the dishonest purposes of a few dishonest men, then he wished to see the party die and would help to kill it, &c. He concluded by charging that there had been serious frauds perpetrated in the publication of the laws.

After some further debate the substitute offered by Harris, of Wake, col. was put to a vote and rejected by a vote of yeas 34, nays 50.

Mr. Justice called the previous question upon his resolution.

The call being sustained the resolution was put to a vote adopted by the following ballott:

YEAS.—Argo, Armstrong, Barnes, Boddie, Carson, Clayton, Davidson, Durham, Ellis, Farrow, Forebee, Gatling, Gibson, Gilbert, Green, Grier, Harris, of Franklin, Harris, of Wake, Hawkins, Hicks, High, Hinsdale, Hodnett, Humphries, Ingram, Jarvis, Justice, of Rutherford, Kitty, Davis, Leary, Long, of Chatham, Long, of Richmond, Malone, Matheson, McMillan, Mendenhall, Moore, of Alamance, Nicholson, Painter, Proffitt, Robinson, Shaver, Smith, of Alleghany, Smith, of Martin, Smith, of Wayne, Snipes, Stanton, Vestal, Waldrop, Welch, Whitley, Williams, of Harnett.—Yeas 52.

NAYS.—Ames, Ashworth, Barnett, Blair, Cherry, Dixon, Downing, Eagles, Forkner, Foster, French, Gahagan, Gunter, Hayes, Hendricks, Hodgin, Hoffman, Horsey, Kelly, of Moore, Mayo, Moore, of Chowan, Morrill, Pearson, Peck, Proctor, Ragland, Rea, Sinclair, Simonds, Sweat, Sykes, Vest, White, Williamson, Wilson.—Nays 34.

A message was received from the Governor transmitting a letter from the Secretary of War, asking the consent of the State to the purchase of certain lands in the State for national cemeteries by the United States &c.

On motion of Mr. French, the matter was referred to the Judiciary Committee with instructions to prepare a bill to suit the case.

By Mr. French: A bill granting the consent of the State to the purchase of lands in Wilmington by the United States for the erection of a Custom House &c.; lies over.

By Mr. White: A bill authorizing the Commissioners of Perquimans to issue bonds; lies over.

By Mr. Smith, of Martin: A bill to prevent the destruction of fish in the waters of North Carolina.

SPECIAL ORDER.

The bill to lay off and establish the County of Dare.

Mr. Jarvis made the point of order that this bill was substantially the same as a bill which this House had some two or three weeks ago indefinitely postponed therefore, the House could not this session act on this one.

Pending a decision on the question, the House adjourned.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest illuminating Oil ever offered to the public; and Insurance Companies in Boston and elsewhere insist upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article. Prefer "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

THE SENTINEL.

CITY AND STATE ITEMS.

THURSDAY, JANUARY 27, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—Valentines, wholesale and retail at J. A. Jones's Bookstore.

Extensive sale of real estate in and around Newbern, by Henry R. Bryan, Attorney.

A large number of houses for sale and to rent, in Raleigh, by the N. C. Land Company. Anybody can be suited with a residence from the list.

LA RUE'S MINSTRELS, are coming and will appear at Tucker Hall next Wednesday and Thursday evenings. They have been drawing large and fashionable audiences in Richmond, Norfolk, and Petersburg, for the last two or three weeks.

DISGRUNTLED AGAIN.—The *Standard* of yesterday shows its teeth to its Republican friends, (whom it seems to think its slaves,) again, because some of them seem disposed no longer to compromise their characters as honest public servants, by shutting their eyes to the fraud and rascality of party leaders. The main objection the *Standard* seems to urge to the "unsatisfactory" course of some of its party is, that "it will tend to injure it (the party) at the next election!"

The injury of the party is its only dread; the injury of the State is nothing!

GONE.—Moring, one of the contributors of the literary department of the *Standard*, left for home yesterday morning, without obtaining leave from the House, and without obtaining a return ticket; saying, he didn't know when he should return. He must have been too drunk to have composed that letter that Pike wrote for yesterday's Standard, taking his condition at the depot as a fair specimen.

BIG TURNIP.—Messrs. Marcum and Alford, family grocers, Hargett street, has sent us a turnip as is a turnip—a good deal bigger than the one that was stolen from Wes about Christmas, that he cried over so. It measures twenty four inches in circumference and heavy according. It is one of a large lot purchased by Messrs. M. & A., for their customers, from a Mr. Stone of Wake, who certainly understands the turnip culture.

CONUNDRUM.—Why is Cook of Johnston like a lightning bug?

BOAT SUNK.—We learn from a letter from Capt. C. B. Harrison, who is now on a trip South, to a friend in this city, that the boat "Lizzie Gill," on which he was a passenger, struck a snag, ten miles above the mouth of White River, and was run on a sand bank, where she sunk to the guards immediately. Although there were 250 or 300 passengers on board, no one of them received any hurt.

COME TO THE SUNNY SOUTH!—Here we are, January 26th 1870, sitting in our sanctum, with doors and windows open; the sun brightly shining out doors; the elm trees in front budding; a bird in the branches occasionally singing, writing locals in our shirt sleeves. Just think of it, ye denizens of the frosty North! Such a climate, and with so much vacant land for sale, "cheap as dirt." Why don't you come—come with your families and your money, if you have any; but come, any how, with your strong arms and ingenious arts, you'll be welcome. Come to the sunny South!

PROF. MCNAIR, Lecturer and operator on boot and shoelology, has removed his office and lecture room, *alias*, shoe shop, to the room over Messrs. W. B. Hutchings & Co's. Harness establishment, where he is prepared to take measure and put up shoes, boots, gaiters &c., in quality and workmanship unsurpassed in this region.—Let those who may doubt this give him a call and they will be convinced; those who do not doubt it will, of course, call any how.

REMARKS OF CAPT. J. L. ROBINSON, OF MACON, ON A RESOLUTION IN REGARD TO INTERPOLATIONS OF THE SCHOOL LAW.

MR. SPEAKER:—In the few remarks that I may make to this resolution, which I offered, and had placed on the Calendar before the recess, I wish it understood, that I am actuated by other and higher motives than those inspired by a desire for party success, or for party capital. I feel Sir as a North Carolinian that there is a matter of principle involved, a question of honor, at stake. I feel with shame the mortifying fact that this scandalous and outrageous proceeding, which is perhaps unprecedented in the legislation of any State should have originated in the body to which I belong. While I am not prepared to say where the fraud properly belongs, I am not the less certain that a great fraud has been perpetrated not only upon a majority of the members of this General Assembly, but upon the people of North Carolina. Important powers which this House expressly refused to grant, have not only been inserted in the bill after it left this body, had printed and sent out to the people of the State, and the powers given to this "Board of Education," the fraudulent sections afterwards carried out I suppose to their full extent, in the adoption and purchase of text books. Now Sir, I desire to call the attention of this House to one fact; viz the passage of this "act to provide for a system of public instruction," was only effected after a protracted and exciting contest, a struggle that was watched by the friends of education closely, and the result of which I think the "Board of Education" could not, and should not have been ignorant. Now I ask Sir, was there ever a more flagrant disregard of the expressed and solemn enactment, of the will of the people through their representatives? Was their ever a cooler and more brazen faced piece of impudence?

Does the legislation of any State furnish another instance of a "Ring" interpolating and forging authority whereby they can manipulate and make a large expenditure of the people's money? I have no thought, Sir, that the question will be asked, "From what party does this resolution come?"—But, instead of this I expect and hope to see a generous emulation as to who shall first stand up here, and, in the name of the honest masses we represent, enter a solemn protest against this miserable outrage upon the rights of the people of North Carolina. I desire that the guilty party may be known, and the indignation and scorn of all good men shall be visited upon them, and if they occupy positions of trust and honor let them be hurled from their high places, and held up to the scorn and indignation of an outraged and insulted people.

I move, Sir, the adoption of the resolution.

DEATH OF GEORGE D. PRENTICE.

George Denison Prentice, the famous Kentucky journalist, for many years the editor of the Louisville Journal, died at the residence of his son, near Louisville, at an early hour this morning. His health had been poor for several years—latterly very poor—and his death was not unexpected. He was born in Preston, Conn., December 18, 1802. He was educated at, and graduated from, Brown University, in Providence, R. I., forty seven years ago.—He studied law, but did not practice. In 1828, he became the editor of "The New England Weekly Review," a literary journal published at Hartford. This publication he conducted for two years, and then removed to Louisville, where (in 1831) he became the editor of the paper with which his name and fame have ever since been most intimately connected. Mr. Prentice has always maintained a high reputation for political ability and for trenchant wit. As a writer of sharp satirical paragraph, cutting and polished like a Damascus blade, he has never had his superior in the American press. He has achieved considerable credit as a poet, many fugitive poems and verses having dropped from his pen, in the course of his long career as an editor. For a while Mr. Prentice contributed a department to the New York Ledger, called "Wit and Humor," which won for that paper much patronage. During the existence of the Whig party the Louisville Joureal was the most able advocate of its policy in the West. Mr. Prentice died "in harness," as the saying is, retaining an editorial position in the paper he made, and which is now known as the Courier Journal.

We copy the following from the Newbern *Journal of Commerce*:

At the Spring term of Lenoir Superior Court, a negro, named Simon Jones, was placed on trial, found guilty, and adjudged by Judge Thomas, to serve a term of several years imprisonment in the penitentiary, for committing a rape upon the person of a white woman. The State prison not being ready for the reception of convicts, Jones was incarcerated in the Lenoir county jail. About two months since a party of his brother leaguers—not having the fear of the Governor and his militia before their eyes—entered the jail from the outside and liberated him and several other negroes from confinement, since which time they have been at large.

For the past two weeks Jones has publicly appeared in the county, evidently caring little for the authorities, who, seemingly, cared as little to take steps for his apprehension. Several times he has been seen in Kinston. On Friday last the matter was brought to the attention of Sheriff Hunter by Capt. Grubbs, who informed him that Jones could then be found at the Desmond plantation, a few miles from Kinston. The Sheriff authorized the Captain to arrest him and again place him in the custody of the jailor. Nothing loth to rid the country of the presence of such a dangerous character, Captain Grubbs straightway proceeded to the plantation and there found his man.—Seizing him a desperate struggle ensued.—Jones drew a pistol and snapped it at the Captain, who, in turn drawing a weapon, shot the convict through the right arm.—Jones still resisted, and with a clasp knife attempted to stab his captor. The latter then shot him again, the ball striking near the jugular vein and passing out in the rear of the head. This terminated the affair and Jones was carried into one of the houses on the plantation, minus much bad blood, and in a seriously wounded condition.—Medical aid was procured and he received the necessary attention. Yesterday he was still alive, and the physicians announced that there were strong hopes of his recovery.

REQUISITION FOR THE MURDERER, ROBERT CADE.—The Sheriff of this county has ascertained that Robert Cade, charged with the murder of a negro named Hughes at Scott's Hill in April last, and who escaped from jail several months since, is in Augusta, Ga. Acting upon this information, the Sheriff obtained a requisition from Governor Holden upon the Governor of Georgia for the delivery of Cade, and an officer charged with the delivery of this execution and the arrest of Cade has already departed upon his mission. By this time the fugitive from justice, if in Augusta, has no doubt been arrested. But for his escape he would undoubtedly have been tried at the last regular term of the Superior Court.—*Wilmington Journal*

WASHINGTON.

WASHINGTON, Jan. 25.—Revenue $643 60.

Coin in the Treasury $54,000,000; coin certificates $50,320,000; currency $3,000,000; the debt statement will show but slight decrease.

The Ways and Means Committee voted on admitting coal free of duty. The vote 5 for and 4 against.

No more 50 cents fractional notes will be issued, on account of counterfeits; the Treasury is preparing a new design. Boutwell will sell a million coin Wednesday, and buy a million bonds on Thursday.

The Virginia Senators will be sworn in on the receipt of the President's approval of the bill, unless some Senator objects, of which there is no present prospect, when the credentials go to the committee. The Election Committee will hear Segar to-morrow on his claim to a seat as Representative from Virginia, at large.

To-day in the case of Wallace versus Simpson, the action of the House indicated clearly the determination to refuse seats to minority candidates, when majority candidates are ineligible. This is the first time the House has snubbed its Elections Committee. They reported in favor of Wallace. Simpson could not take the oath.

It is expected the President will inform Congress early to-morrow of his approval or the Virginia bill.

The Tribune regrets the amendments of the Senate to the Virginia bill to impose new terms, after she had faithfully complied with those at first laid down. The Tribune thinks the party will suffer more, however, for this breach of faith, in the end, than Virginia will.

In the bill dedicating agricultural lands of California to homestead and pre-emption purposes, passed.

The Secretary of War was asked the condition of the Nashville and Decatur Railroad.

The bill giving Gen. Mowers' widow a pension of $30 a month, meeting with objection, was withdrawn.

The Darien canal survey expedition is to be paid from the appropriation, $40,000, made in 1866.

The League Island question was discussed at great length.

The House voted, 103 to 72, that neither claimant from the fourth S. C. District, is entitled to a seat, but after much confusion and some excitement the whole matter was tabled, and recommitted to the Election Committee, for examination on its merits.

In the Senate the morning hour was occupied with the California whiskey scamps, but no action.

Sherman's currency and gold note bill was resumed, summer called for the reading of his bill, and offered it as a substitute. Sherman said Sumner's was a funding bill and not pertinent to the matter under consideration. The matter was discussed to adjournment.

HENRY'S CARBOLIC CONSTITUTION RENOVATOR, OR BLOOD CLEANSER.

This medicine is known to the public as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both he and she infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye, A Rosy Glow to the Cheek, A Ruby Tinge to the Lips, A Clearness to the Head, Brightness to the Complexion, Buoyancy to the Spirits, And Happiness on all Sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered torturers with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE

KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite. It is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

A NEW DISCOVERY!!

PHALON'S "VITALIA;" OR, Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair its natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜ is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair. These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY, OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP.) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the Business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,181, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 389 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
